**PROVA DE LÍNGUA INGLESA****THE CALIFORNIAN GOLD RUSH**

01 The Californian Gold Rush was a very  
02 important time in American history. It started in 1848  
03 when gold was found in California. This discovery  
04 made many people excited and hopeful.

05 People from all over the world came to  
06 California to find gold. They dreamed of becoming  
07 rich quickly. This time was called the Gold Rush  
08 because so many people were rushing to find gold.

09 The Gold Rush changed California a lot.  
10 Before the gold was found, not many people lived  
11 there. But during the Gold Rush, thousands of  
12 people came. Towns and cities started to grow very  
13 fast.

14 A historian, Dr. Emily Johnson, says, "The Gold  
15 Rush was more than just finding gold. It was a time  
16 of big changes for California and America. Many  
17 people came to live in America because of the Gold  
18 Rush."

19 Finding gold was not easy. Many people  
20 worked very hard, but did not find much gold. Life  
21 was difficult for the gold seekers. They lived in  
22 camps and faced many challenges.

23 Even though not everyone found gold, the Gold  
24 Rush was still important. It helped the economy of  
25 California and America. The Gold Rush made  
26 California an important part of the United States.

27 Today, people still remember the Gold Rush. It  
28 is a big part of California's history. Dr. Johnson  
29 says, "The Gold Rush shows us how a discovery  
30 can change everything. It changed the lives of many  
31 people and the history of a place." The Californian  
32 Gold Rush is a story of hope, hard work, and big  
33 changes.
