**PROVA DE LÍNGUA INGLESA****SAFER DRIVING**

01 David Williams, a renowned driving safety  
02 expert, shares some advice on becoming a better  
03 driver. With more than three decades of experience  
04 in the field, David has extensive knowledge about  
05 safe and efficient driving. He knows more than  
06 anyone what makes a dangerous driver and what  
07 makes a safe one!

08 "Driving is an important responsibility and we  
09 should always take it seriously," begins David. "We  
10 often overlook the basics. Like, for instance, regular  
11 maintenance of your vehicle is crucial. A  
12 well-functioning vehicle can greatly reduce the risk  
13 of accidents."

14 He also emphasises the importance of being  
15 aware of one's surroundings while driving. "You  
16 have to keep an eye on what's happening around  
17 you - cars, pedestrians, cyclists. And remember, the  
18 road doesn't belong to you alone. You need to be  
19 aware that everyone on the road is equally  
20 important, that driver you are getting impatient with  
21 is someone's wife, or husband, or mother or son."

22 According to David, speed is a common factor  
23 in many accidents. People are often in such a hurry  
24 and the consequences can be terrible. "Sticking to  
25 the speed limit is not just about avoiding fines. It's  
26 about safety - both yours and others. Don't let  
27 impatience drive you to make poor decisions."

28 David also talks about the essential role of  
29 practice. "Experience is key. The more you practice,  
30 the more comfortable you become with handling  
31 unexpected situations. New drivers especially  
32 should gain experience in different weather  
33 conditions and at different times of the day." If you  
34 want to be a better driver, keep driving and keep  
35 driving safely!

36 These days, with so many distractions  
37 available to a driver in the car, it's never been so  
38 easy to take your attention off the road. As for  
39 distractions, David (1) \_\_\_\_ a straightforward  
40 message. "Stay away from your phone and don't  
41 multitask (2) \_\_\_\_\_. Your full attention should be on  
42 the road."

43 For David Williams, being a better driver is not  
44 about skill alone. It's about cultivating a sense of  
45 responsibility, improving awareness, practicing  
46 regularly, and most importantly, staying safe.
